

# Chefsville Kids Cooking Club

Calling all parents and students!!!

Would you like a chef taught **Cooking Club** at your school?

**Ready, Set, Learn!!!** Learning comes alive in the kitchen classroom, where kids mix math, simmer science, and taste geography! Kids will remember this for the rest of their lives. All taught in a fun and exciting atmosphere.

Participants will learn about kitchen safety, sanitation, kitchen hygiene, fruits and vegetables, eggs, salads and sandwiches, meats, sauces, desserts and plating. Recipes are different based on the season.

Students will get a solid foundation for connecting math and science (**STEM**) with cooking.

## Program Details:

- ✓ Preferred are semester long sessions running an hour and 15 minutes. Call for changes in duration.
- ✓ Chefsville Kids Cooking Club has availability during fall, winter and spring sessions.

Chef Scott delivers family education and is a co-founder of **1<sup>st</sup> Class Kids**, an educational non-profit founded in 2006. Chef Scott works in the “**Chefs Move to Schools**” and “**Healthier Zone Schools**” programs in Allen, Plano, Richardson, Garland, Carrollton, McKinney, Mesquite, Irving and Dallas. His programs are included in Parks & Recreation Centers and libraries.

For any questions please call 972-516-0325 or e-mail [scott@1stClassKids.org](mailto:scott@1stClassKids.org).
